GPEC General Police Equipment Exhibition & Conference®

GPEC General Police Equipment Exhibition & Conference® is Europe's leading closed police and security fair. The focus lies on the business with police equipment, security technology and services and related education and training. A congress and lecture programme rounds out GPEC®. This event that is **unique in Central Europe** addresses the following target groups:

- **Police**
- **Border Guard**
- **Customs and Financial Bodies**
- **Prison Service and Justice**
- **Government Services and Agencies**
- **Special Forces**
- **Military Police**
- **Gendarmerie and Infantry**

GPEC® takes place every two years in Germany since the year 2000 and reaches executives, technicians, procurement officers, instructors and end users at international, national and regional level. Members of parliament responsible for security tasks or budget matters are also admitted. GPEC® is the branch meeting place and international platform for the exchange between authorities, manufacturers, agents and service providers. Organiser is Exhibition & Marketing Wehrstedt GmbH.

GPEC® offers

- as leading exhibition the whole spectrum of current equipment and future technologies
- the focal point with satellite fringe events of conferences and special meetings on internal security
- the branch meeting place for manufacturers and agents with executives and decision-makers for procurement matters as well as with end users
- an international platform with exhibitors, delegations and professional visitors from Europe and other countries
- the indispensable basis for product and business development between industry and authorities
- about 500 exhibitors at 20,000 sqm exhibit space in hall 2 and an adjacent Congress Center of Leipzig Trade Fair
- convenient location as regards transport facilities (plane, train and car) including spacious parking and loading possibilities

Retrospection GPEC® 2010

At GPEC General Police Equipment Exhibition & Conference® 2010 6,204 professional visitors from 58 countries met with 475 exhibitors (320 national and 155 international ones) from 24 countries from 5 continents and informed themselves about developments, technologies and trends in the field of police and special equipment. The visit by security experts from 58 countries shows clearly that GPEC® has further strengthened and extended its position as Europe's biggest closed specialized trade fair for police and special equipment.
