**Saturday:** Guided tour in Lucerne, anniversary event, dinner incl. Non-alcoholic drinks, dessert and coffee (including entertainment program and surprise guests)

**Sunday:** Extensive Sunday brunch in the City Garden Zug

Every guest gets a souvenir of our region.

## Erlebnisbauernhof Gerbe

The Erlebnisbauernhof Gerbe is located in Meierskappel (Kt. Lucerne) in the middle of central Switzerland and offers an ideal starting point to discover the whole of Switzerland. In the idyllic nature, between Lake Zug and Lake Lucerne and at the foot of the local mountain Rigi, we will experience a relaxed atmosphere. The Knüsel family is pleased to welcome and serve us as guests. We are exclusively spoiled with specialties of our own production. Starting with the aperitif, rich salad buffet up to the barbecue (à discrétion) with meat from the Adventure farm Gerbe! On request, a farm tour can be carried out. *(Google Translate)*

The accommodation costs are borne by the participants.

### City Garden Hotel

The **City Garden Hotel** stands out because of its attractive design and the modern materials which are in total harmony with the green surroundings on the edge of the forest. A **combination of contrasts** that works impressively, both inside and out. The three-dimensional facade covered in chromium steel panels and the rhythmising corridors lend the City Garden Hotel a **unique character**.

Inside, we have concentrated on warm materials such as wood but also on rough elements such as concrete. Colours are used subtly but deliberately. The City Garden Hotel, together with the City Apartments, is an ambitious showcase project and gem that will not just enhance the hotel landscape of Central Switzerland in terms of quantity but also in terms of quality. The City Garden Hotel has a total of 78 rooms. The 64 superior rooms, 11 junior suites and 3 suites will fulfil the wishes of the most discerning clients and will more than satisfy the 4-star-superior classification awarded by hotelleriesuisse (the Swiss Hotel Association). All rooms are air-conditioned, and offer W-LAN Internet, a flat-screen TV and minibar. We offer to our hotel guests free W-LAN.

ZUG

**Cost per night and room,  
including breakfast:  
CHF 155.00 (SR), CHF 175.00 (DR)**

## 20`000 im Berg

Experience the once largest civil protection plant in the world in the middle of the city of Lucerne! On a two-hour guided tour you will get an insight into the former giant bunker and learn a

lot of interesting facts about this spectacular witness of the Cold War and nuclear fear, as well as its current use. In an emergency, the giant bunker in the Sonnenberg would have offered protection to around 20,000 people. Over the current tunnel entrances of the A2 motorway, the mass of people would have been channeled into the two tubes. A good two weeks in advance, the civil defense would have set up the beach beds and toilets and lounges. 465 tons of fittings were intended for this purpose.

**IMPORTANT: Number of participants is limited to 24 people.** (Google Translate)

## Time travel to the Middle Ages

Experience Lucerne, when bells set the course of the day and craftsmen did their work in the streets. Towers, walls and bridges were built, while mercenaries and merchants shaped the cityscape. In the historical garb we take you on a journey through time to the Middle Ages and let the past smell, see, hear and feel.

**IMPORTANT: Number of participants is limited to 25 people.**

(Google Translate)

## Away in Lucerne - the other city tour

City tours OTHER known ways! We show you the city from a new perspective, away from the known ways and sights. In Lucerne, our guides will guide you to places you have never known before or where you passed by unsuspectingly. The guides are very special people: the former homeless, those suffering from poverty, people who are addicted to addiction, city portals and socially disadvantaged people. They tell you their very personal story. On the tours of "Off the beaten track Lucerne - the other city tour" you get an insight into social facilities such as the street kitchen, the emergency dormitory or the Arbeitslosentreff. With our tours, we promote encounters on equal terms and reduce prejudices. We enable people who are a bit out of the way in our society, a new perspective. **IMPORTANT: Number of participants is limited to 15 people.**

(Google Translate)

The registration must be done with the enclosed registration form  
**to 20. Mai 2019.**
